About me

I am a self-taught developer who loves coding (and solving problems). I have tinkered with many different front-end and back-end technologies, which allows me to be a jack of all trades. I see myself as a creative person who thinks outside the box to come up with solutions for existing problems. Also I am good at googling (important!)

Skills

Programming languages

- Javascript
- PHP
- CSS
- HTML

Front-end libraries

- React.js
- Vue.js
- jQuery

Backend frameworks

- Laravel
- Node.js

Interests

- Minimalism
- Programming
- Books
- Motorcycles
- Active lifestyle
- Zillion other things

Hi, I'm **Evaldas Burlingis**,
